**Purpose:** To improve all youth hockey player's ability, balance and coordination in a positive environment for maximum physical and psychological growth.

The training sessions have been developed to advance their hockey development and to cover all the fundamental skills essential to making them a better hockey player.

The first 45 minutes will focus on skill development; skating, puck handling, passing and receiving, shooting and angling/body contact.

The second 45 minutes will consist of 4 on 4 hockey games. The players will be divided on the ice into teams and have automatic line changes every 1½ to 2 minutes. This improves team play concepts of offensive and defensive support.

These training sessions will be taught by Chris Cimoch along with the Arctic Jr. Fury coaching staff.

Registrations will be taken at the front desk. The maximum enrollment is 35 skaters per day and age level.
