

2021 Summer Skills Program

The Arctic Jr Fury Hockey Club is proud to announce their First Annual Summer Skills Program, hosted at Arctic Ice Arena. This year's program will run from June 26th 2021 thru August 28th 2021. The Arctic Jr Fury Summer Skills Program is open to any player from any club, any level.

The program will be led by Hockey Director, Ryan Holke, and his staff of Hockey Sense coaches. "These coaches have a GREAT skill set and do a really great job of teaching young players how to develop and use their skills, while also making each practice fun! Kids really get engaged when they see a coach who can still do the drills full speed, and skate with the best of them. Our staff has that quality, along with being able to break things down step by step. They are a fun, knowledgeable, energetic group of guys, and I'm really looking forward to this 9 week program!" - Quote from Director Ryan Holke

A variety of instructors will be used during these sessions including current and new coaches, special guest AAA instructors, current Junior A, NCAA and Professional Players, along with Hockey Director Ryan Holke.

The Summer Skills Program will begin with focusing mostly on individual skill. Skills that all players need to progress, in order to help contribute to their team and make the game more fun for themselves. We will break into small groups, and focus on progression of stick handling, passing, shooting, balance, edge work, and doing things in high traffic areas. As we move forward, the later weeks will consist of small area games; 2v2, 3v3, corner battles, etc. Giving the players a chance to put their new skills to work in small area game scenarios.
